WORK EXPERIENCE

Shopify Developer   Sep '21 — Present
SunTec India   Delhi, India

Designed, developed, and customized responsive Shopify themes to meet specific client branding and functional requirements.
Built and maintained Shopify stores, ensuring high performance, SEO optimization, and mobile responsiveness.
Developed custom Shopify apps and integrated third-party APIs to extend platform functionality.
Collaborated with UI/UX designers and stakeholders to implement intuitive, user-friendly eCommerce experiences.
Handled liquid template development, including advanced customizations of product, collection, and cart pages.
Ensured cross-browser compatibility and implemented front-end enhancements using HTML, CSS, JavaScript, and AJAX.
Provided ongoing support and optimization for Shopify stores, including bug fixes, feature updates, and performance improvements.
Leveraged Shopify Plus features (if applicable) to scale enterprise-level eCommerce projects.

Php Developer   Aug '17 — Sep '21
iCanSoft Technology   Pune, India

Designed, developed, and maintained server-side web applications using PHP and related frameworks (e.g., Laravel, CodeIgniter).
Collaborated with front-end developers and UI/UX designers to integrate user-facing elements with server-side logic.
Built RESTful APIs and integrated third-party services to enhance application functionality.
Optimized application performance by writing clean, modular, and reusable code.
Managed databases (MySQL/PostgreSQL), wrote complex queries, and ensured data integrity and security.
Used Git for version control and participated in Agile/Scrum development cycles.
Troubleshot and resolved bugs, ensuring high availability and minimal downtime for web applications.
Followed best practices in security, scalability, and performance tuning.
